The Honorable
The Secretary of National Defense and Communications

(Thru the Postoffice Inspector)

Sir:

I have the honor to report that the construction of two telegraph lines between Tacloban and Palo has been terminated today. Telegraph communication would function as soon as the batteries are received from the U. S. Army which I believe we could receive them within the first week of January, 1945.

Very respectfully,

Respectfully forwarded to the Honorable, The Secretary of National Defense and Communications, Tacloban, Leyte, contents noted.
